EXPERIENCE

Software Engineer III (Mid-level Developer)

July 2022 - Present

Fox Dealer

- Spearheaded the implementation of a standardized peer-to-peer code review system, streamlining development processes and enhancing code quality.
- Orchestrated a successful migration of the company's codebase from Wordpress to React in collaboration with an offshore team, reducing maintenance overhead and improving scalability.
- Acted as the key liaison between Sales, Support, and Design teams, ensuring seamless communication and alignment of priorities.

Junior Front End Developer

August 2021 - July 2022

Fox Dealer

- Delivered exceptional technical support by resolving over 2,750 tasks across 400+ websites, contributing to enhanced customer satisfaction and retention.
- Played a pivotal role in the development of Tier 1 vehicle reservation websites for leading brands like Toyota and GMC, utilized by over 100 dealerships, driving increased sales and brand engagement.
- Established a comprehensive training program, facilitating the onboarding and mentorship of 5 new software developers, resulting in accelerated team growth and productivity.

PROJECTS

Fox Dealer Company Website | [Live Site](#)

March 2023 - October 2023

- Led the end-to-end development of the new company website on a React codebase, collaborating closely with project managers and designers to ensure alignment with business objectives and user needs.
- Implemented Google Analytics to track website performance and user behavior, providing valuable insights for optimization and strategic decision-making.
- Leveraged advanced technologies including React.js and TypeScript to create a dynamic and responsive web experience, enhancing user engagement and retention.

EDUCATION

The University of Texas at Austin | Bachelor of Science in Public Health

May 2021

Minor in Business from McCombs School of Business

- GPA: 3.43/4.0
- *HealthyHorns Peer Educator*, UT Health; *Volunteer*, Metropolitan Volunteer Program
